4 Credits Cyber Security Course

1) You have received Credential Mail for login to LMS from University

Dear Student,

You are a valued member of the Savitribai Phule Pune University family.

As you are aware, Cyber Security is an essential skill for students to thrive in today digital world.

As part of your PG journey, SPPU has already made Cyber Security a mandatory component of the curriculum.

Now in order to simplify further and standardize the Cyber Security Four-credit course, SPPU and DIC have collaborated to offer you a fully updated and efficiently designed online course - "Introduction to Cyber Security/ Information Security" which will make it easy and rewarding for you to fulfil the requirement of this mandatory part of the Post Graduate curriculum.

Your DIC SPPU course on Cyber Security is now available at the following URL:
https://skillone.in/

Here are the login credentials:
User ID – 23321012
Password – User@123

To access the course, follow these steps:

- Log in to the LMS portal using the URL and login credentials provided above.
- Set a new password.
- Click "Continue."
